9th International Conference on Frontiers of Intelligent Computing: Theory and Applications (FICTA 2021) June 25 – 26, 2021

National Institute of Technology Mizoram, India

CALL FOR PAPERS

Special Session on "*Industry 4.0- Computational Intelligence, IoT, Machine learning*"

Session Chair:
Prof. Somya Goyal, Manipal University Jaipur, Rajasthan, India
somyagoyal1988@gmail.com, +91-8168361767.

Theme of Session:
The main aim of this special session is to present the Industry 4.0 which has revolutionized the entire industry. It revolves around about the convergence of IoT, Machine Learning, and Computational Intelligence. This session will allow to explore the opportunities and applications of Industry 4.0. This conference provides the platform to the scientists, researchers, experts, students, and private sector parties from all over the world to show not only the original research work performed by them but also give an excellent opportunity to share the ideas, latest trends, innovation, findings regarding this area. The theme of session includes Industry 4.0 and fields which are relevant to this topic.

Topics of Interest:
We invite original (un-published) research contributions based on the above-mentioned theme including following topics **but not limited to**:

- Social Implications for Industry 4.0
- Energy Efficient Infrastructure
- Architecture for secure and interactive Intelligent Infrastructure and Transportation
- Analytics, Intelligence and Knowledge Engineering
- Industry 4.0 in Education and e-Learning
- Healthcare applications of Industry 4.0
- Industry 4.0 - Energy-saving and Green IoT applications
- e-Government, e-Commerce, e-Science and Creative Technologies with Industry 4.0
- Home Automation/Industry Automation 4.0

Paper Submission Process:
Please submit your paper (in word/pdf format) at
email: somyagoyal1988@gmail.com
with '*Industry 4.0- Computational Intelligence, IoT, Machine learning*' mentioned in the subject line.
